MEMORANDUM FOR: Director of Central Intelligence

THROUGH : DDCI
D/DCI/IC

FROM : George L. Cary
Legislative Counsel

SUBJECT : Channeling of Contact with the Senate Select
Committee on Intelligence on the Subject of
Charter Reform

Various staff members of the Senate Select Committee on Intelligence have been directly contacting several different offices within the Agency and the IC Staff. Your 29 March 1977 memorandum on liaison arrangements for legislative action on charters designated [redacted] as your Special Assistant for charters and specified that all staff actions on this topic be channeled through him. In order to effectuate this and to ensure policy consistency and proper coordination in our dealings with the SSCI on charters, I recommend that the SSCI be encouraged to channel their charter-related contacts through [redacted] and that he be the main focal point in dealing with the SSCI on this subject.
